The Sustainable  
Standard

### Quality Policy Statement

RYE Demolition Ltd shall provide plant and equipment as well as labour to carry out construction activities for our clients. These activities will be monitored and managed by our senior management team out of our head office in line with the ISO 9001 requirements.

### Our Commitments

- Achieve zero accidents and incidents.
- Consistently meeting our customers' expectations on quality construction work and exceeding them.
- Ensure all staff is correctly trained and hold all relevant certificates for the tasks they undertake.
- Procure only quality materials for the construction work to the client's specifications.
- Continually improving our quality system by complying with the ISO 9001 requirements.
- Ensure our work is cost effective, reliable, high quality and delivered on time.
- To conform to legislation, regulations, and standards.

RYE Demolition Ltd understands the importance of maintaining a well organised quality management system. We will endeavour to maintain a continuous review to achieve the high standard we set to provide quality throughout our business.
